- Since January 2021, **4,800** messages exchanged

Benefits

- Exploring career paths, industries, job functions, and companies
- Expanding and developing professional connections prior to graduation
- Flash mentoring to prepare for internship and job search

Testimonials

Aine Wall Accounting and Finance, '23

"Last year I was overwhelmed with the career and internship process. After browsing Lehigh Connects, I was able to schedule a phone call with an individual who was in the industry I wanted to learn more about. The phone call was extremely helpful in clarifying the responsibilities of the position as well as learning about what day-to-day life is like. Everyone I have messaged on the platform is eager to help and even gave me other people to connect with!"
