

R&P 3.15.1 Summer Session

Title: Summer Session

Presently in R and P:

3.15.1 Summer Session

Regularly matriculated undergraduates may attend summer session courses. Undergraduates from other institutions must submit an application for admission to the summer session office.

Suggested change:

3.15.1 Summer Session

Remove this section from R&P.

Rationale:

A separate summer session office no longer exists. Visiting Summer students are processed and treated similarly to other visiting students. Regularly matriculated undergraduates may attend summer session courses. Undergraduates from other institutions must submit an application for admission to Registration and Academic Services.

Decision-Ed Pol voted to remove this section altogether.
